

Auronix Automation Private Limited is established by a team of highly experienced professionals dedicated to serving Sugar, Paper, Power, and process industries. We deliver state-of-the-art PLC & DCS centralized control systems ensuring full plant interlocking, real-time data acquisition, and historical data logging.

CORE TECHNICAL CAPABILITIES

- **Turnkey Automation Solutions:** Fully automated plant control systems using AC/DC Drives, PLCs, and intuitive Graphical Interface Controls (SCADA/HMI).
- **Custom Electrical & Control Panels:** Manufacturing full-range PCC, MCC, APFC, and PLC-based control panels including AMF panels.
- **Power Management Systems:** PLC-based AMF, Auto-Synchronizing, Load Management, and Power Monitoring solutions for DG Sets.
- **Lifecycle Services:** Annual Maintenance Contracts (AMC), Erection & Commissioning, System Modification, and Upgradation for existing or new industrial setups.
- **Valves & Instrumentation:** Supply of genuine field instruments, ready stock accessories at competitive prices, and repair/overhauling of pneumatic control valves & spares.

EFFLUENT QUALITY MONITORING SYSTEM (EQMS)

Supply, Installation & Commissioning of complete EQMS solutions (measuring BOD, COD, TSS, pH, & TDS) with seamless **CPCB / SPCB Data Connectivity** for regulatory compliance.

AUTHORIZED BRANDS & PRODUCTS SPECTRUM

CATEGORY	LEADING BRANDS / OEMS SUPPORTED
PLC, DCS, HMI & SCADA	SIEMENS • ABB • HONEYWELL • SCHNEIDER • ALLEN-BRADLEY • MITSUBISHI
AC Drives / VFDs	ABB • YASKAWA • CROMPTON GREAVES (CG) • DANFOSS • EATON • SELEC
Field Instruments	HONEYWELL • YOKOGAWA • FORBES MARSHALL • ADEPT FLUIDYNE • WIKA
